### NEWS RELEASE FOR RELEASE UPON RECEIPT

“Seneca Resources donates \$1,500 to support Drake Well Museum and Park’s MEET-U Outreach Program”

Seneca Resources, the exploration and production segment of National Fuel Gas Company, has donated \$1,500 to Friends of Drake Well, Inc. to provide financial support for Drake Well Museum and Park’s Mobile Energy Education Training Unit (MEET-U), an innovative educational outreach program.

“We are very grateful for the continued support we have received from Seneca Resources,” said Lee Deeter, MEET-U Program Manager. “These funds help us fulfill our goal of spreading awareness of energy creation, development and utilization in an effort to improve the future of energy consumption.”

Developed in 2009, the MEET-U program features a 44’ educational traveling trailer filled with exhibits and opportunities to learn more about all forms of energy. Annually, MEET-U travels throughout Pennsylvania, Ohio, New York and West Virginia. The goal of this outreach program is to educate school children and the public about the historic and modern uses of energy. To date, over 200,000 people have visited the educational exhibits in the MEET-U trailer at schools, fairs, and other community events.

“Friends of Drake Well, Inc. and Drake Well Museum and Park are extremely thankful for the support of Seneca Resources. These funds will help us to provide important energy education and resources to thousands of children and adults in the coming year,” said Sheri Hamilton, Executive Director, Friends of Drake Well, Inc.

Seneca Resources Corporation explores for, develops, and purchases natural gas and oil reserves in California and Appalachia. Additional information about Seneca and National Fuel Gas Company is available at [www.nationalfuelgas.com](http://www.nationalfuelgas.com).
