"Friends of Drake Well, Inc. Receives Funding for MEET-U Outreach Program"

Friends of Drake Well, Inc. and Drake Well Museum and Park would like to express their appreciation to The Fleming Family Foundation administered by Huntington National Bank, for again providing financial support for our Mobile Energy Education Training Unit (MEET-U), an innovative educational outreach program.

Developed in 2009, the MEET-U program features a 44' educational traveling trailer filled with exhibits and opportunities to learn more about all forms of energy. Annually, MEET-U travels throughout Pennsylvania, Ohio, New York and West Virginia, spreading awareness of energy creation, development and utilization. The goal of this outreach program is to educate school children and the public on the historic and modern uses of energy in an effort to improve the future of energy consumption. To date, over 100,000 people have visited the educational exhibits in the MEET-U trailer at schools, fairs, and other community events.

"Friends of Drake Well, Inc. and Drake Well Museum and Park are extremely thankful for the support of The Fleming Family Foundation and Huntington Bank. These funds will help us to provide important energy education and resources to thousands of children and adults in the coming year," said Sheri Hamilton, Executive Director, Friends of Drake Well, Inc.

"Huntington is pleased to serve as co-trustee of the Fleming Family Foundation which has provided significant charitable benefits for our community, including the Mobile Energy Education Training Unit (MEET-U). The Fleming Family Foundation, and Huntington Bank care for this community and are proud to give their support," said Lynette Pedensky, Vice President and Relationship Manager, Private Financial Group, The Huntington National Bank.
